KPR Institute of Engineering and Technology

VISION

- ❖ The vision of this club is to keep unity among Rotaractors
- ❖ To conduct combined projects with other clubs
- ❖ To make good friendship between my club and other clubs in Zone and District and to give support to all Zone and District events
- ❖ To lead the club to a good position than before among the other clubs

MISSION

- ❖ The Mission of the club is to increase the members who involve in Rotaract in our club
- ❖ Make Rotaractors to attend Rotary events
- ❖ To create a bonding with other clubs and Parent Rotary

SHORT TERM GOAL

- To stream own made movies of our students.
- To provide maximum support to the college in terms of video making and editing.

KPR Institute of Engineering and Technology

LONG TERM GOAL

The club will incite creativity, express emotions, convey a message through all its endeavors. The club will definitely entertain all its viewers and maintain a healthy long term bond between the banner of Ignitrron and college.
